WHO I AM

I am a servant leader. With empathy and enthusiasm at the forefront of my mind, I consider each personal interaction as an opportunity to listen and to learn. My attention to detail complements my bias for action, powering high-quality, meaningful results.

Baxter Wells

Software Engineer & Business Analyst

INDUSTRY EXPERIENCE

- May 2022 – August 2022
Business Analyst Intern | Kimberly-Clark
 - Developed a data analytics dashboard from conception to completion that improved the efficiency of enhancements for Kimberly-Clark's internal projects.
 - Globally deployed the analytics dashboard for Kimberly-Clark internal.
- June 2021 – August 2021
Business Analyst Intern | Chick-fil-A Corporate
 - Led the development lifecycle of a unit of work from conception to execution via Scrum sprints, ensuring effective collaboration for all disciplines of work.
 - Significantly improved the efficiency and accuracy of Chick-fil-A's first-party delivery orders by developing codenames that provided better clarity for Chick-fil-A employees when finding orders in-restaurant.
 - Served as Agile Product Owner during a weeklong quarterly planning event.
- **Software Engineer Intern | Eastman Chemical Co.**
Fortune 500 Company
 - Term 2 | June 2020 – August 2020**
 - Built web applications to modernize Eastman's medical data systems, applying Microsoft's ASP.NET Core MVC framework.
 - Structured back-end using C# and styled front-end using HTML and JavaScript.
 - Term 1 | May 2019 – August 2019**
 - Applied Machine Learning to identify shipping patterns and to predict optimal shipping conditions and equipment for Eastman resources.
 - Intern Hack-a-thon winner — team created an enterprise-wide online Process Improvement forum using Power BI, JavaScript, CSS, HTML, & Python. Included automated routing for Leadership approval of highest ranked ideas.
 - Applied Service-Oriented IT to ensure strong alignment on client requirements.
 - Configured Power BI Dashboards to display metrics on external server usage.

OTHER RELEVANT EXPERIENCE

- August 2023 – May 2024
Campus Ministry Staff | Georgia Tech CCF Sabbatical
 - Organized and executed 90+ events that aimed at fostering communication, vulnerability, and community.
 - Led 25+ college students in weekly meetings about servant leadership methodologies.
 - Independently raised over \$9.5k to support my ministry work.
- September 2022 – December 2022
Barista (Part-Time) | Bloom Coffee Co.
 - Crafted high-quality espresso drinks for customers while taking classes.

INDEPENDENT PROJECTS

- Independent Video Game Development | GameMaker Studio 2**
 - Built and deployed an autonomous nature simulation.
 - Self-taught the GPU-pipeline GLSL shader language.

SERVICE & COMMUNITY LEADERSHIP

- Appalachia Service Project (2023) | Johnson City, TN**
 - Provided critical repairs for Appalachian homeowners, including building ADA-Certified wheelchair ramps and installing porch foundations.
- Casas Por Cristo (2019, 2020) | Juarez, Mexico**
 - Team built an entire house (foundation, framing, electrical, etc.) in three days.
 - Responsible for roofing, stucco plastering, and cutting all materials.
